OBJECTIVE

Enthusiastic Software Developer with a solid foundation in MERN stack development, Java DSA, and Database Management Systems. Skilled in building and deploying full-stack applications, leading technical teams, and applying problem-solving expertise to deliver efficient solutions. Seeking opportunities to contribute to innovative projects while continuously advancing technical and professional skills.

EDUCATION

JD College of Engineering, Nagpur, Maharashtra

Expected 2027

Bachelor of Science in Computer Science

GPA: 8.8/10

Relevant Courses: Data Structures & Algorithms (Java), Database Management Systems, Web Development, Object-Oriented Programming.

TECHNICAL SKILLS

Databases: MySQL, MongoDB

Programming Languages: Java, C, JavaScript

Developer Tools : Git, GitHub

Web Technologies: HTML, CSS, React.js, Node.js, Express.js

PROJECTS

Tavel Bug - Hotel finder App | [LINK](#)

Jan 2025 – Feb 2025

Tech: JavaScript, Node.js, Express.js, MongoDB, HTML, CSS

- Developed a full-stack web application enabling travelers to search and discover hotels across various destinations.
 - Implemented advanced search and filtering features with secure authentication and authorization using **JWT** and **bcrypt encryption**.
 - Designed and deployed a responsive user interface with database integration to deliver real-time, dynamic hotel results.
-

INTERNSHIPS

AICTE - Eduskill Generative AI Cohort 12 | *Virtual Internship*

April 2025 – June 2025

- Worked with Generative AI tools on Google Cloud.
 - Built and fine-tuned AI models, improving prediction and deployment efficiency.
 - Developed end-to-end data workflows including preprocessing, feature extraction, and model evaluation to improve overall system performance.
-

CERTIFICATION

- MERN Stack Development Course** - Apna College, Issued January 2025
 - Design Thinking** - NPTEL, Issued February 2025
-

LEADERSHIP

Schologamma Forum, CSE Department, JDCOEM

Aug 2025 - Present

TechSpot Committee Head

- Led technical workshops, hackathons, and coding events for 200+ students.

Google Developer Groups, JDCOEM

Aug 2025 – Present

Competitive Programming Core

- Conducted coding sessions and mentored juniors for coding contests.
